If you would like to arrange a private lesson, please visit: recserv.uiowa.edu/form/private-tennis-lesson-request-form

► Racquet Stringing and Regripping

The HTRC front desk serves as a drop off and pick up location for racquet stringing and regripping. Racquets are strung and regripped by Craig Carney at the Racquet Master, located at 702 S. Gilbert Street in Kennedy Plaza. Simply drop your racquet off at the HTRC, a Racquet Master staff member will pick it up and string/regrip it (usually within 48 hours), then drop it back off at the HTRC for you to pick it up and pay for. Craig is one of the best in the business as he has strung racquets for over 30 years. Call Craig at (319) 338-9401 for any of your racquet, apparel, or footwear needs.

Please call the HTRC Front Desk with any questions: (319) 384-1215

► Recreational Services Members

If you are a member of Recreational Services, you will have access to each of our facilities: Hawkeye Tennis and Recreation Complex (HTRC), Campus Recreation and Wellness Center (CRWC), Fieldhouse and Fitness East. If you play tennis you will have a significantly reduced indoor court rate, discounts on classes, private lessons and leagues and will have priority reserving indoor courts. If you have kids, they will also receive reduced class and private lesson rates.

All non-members of Recreational Services are asked to pay a \$3/hour guest fee on the indoor courts.

► PlaySight® Court System

The HTRC has six PlaySight® courts. PlaySight® is a state-of-the-art Smart Court system. It is the only camera-based sports system to provide live streaming, multi-angle video, and analytics. We are one of the few facilities in the Midwest to have this system. Our staff use this system when applicable in our classes. The system is for staff and UI Athletics use only.

Please contact any senior staff member with questions.

► Playmate® Ball Machine

The HTRC has two state-of-the-art Playmate® ball machines available for our patrons to rent. Ball machines are a fabulous way to improve your game! One of the machines allows you to download an app on your phone that can act as a remote control and will allow you to design your own drills! Both machines have basic functions that will allow you to change the height, speed, and spin of the ball.

To rent the ball machine, please let the front desk know when you call to reserve a court. The staff will get the ball machine out for you and store it when you are done. We do ask you that you please pick up all the balls after use. The ball machine may be used both indoors and outdoors.

Please contact Fred Pedersen with any questions: fred-pedersen@uiowa.edu

► Junior Tennis Program Progression

The HTRC tennis program follows the general United States Tennis Association (USTA) guidelines as its foundation for junior tennis progression, and to ensure that participants are using the appropriate size court, racquet, and ball for their development. There are four colors of tennis balls designated for participants through which they will progress according to their age and level of play. The racquet sizes listed are approximates only. While we will use a mix of balls in class, the general guidelines are:

- 21"-23" racquet

Orange Ball:

- 10 years of age & under
- 60 ft. Court
- 23"-25" racquet

Green Ball:

- 10 (some 12) years of age & under
- 78 ft. full court
- 26"-27" racquet

Yellow Ball:

► Hawkeye Tennis Academy

Our Hawkeye Tennis Academy (HTA) is designed for kids interested in competing in tournaments. There are four levels of the Academy: Orange Ball, Green Ball, Junior, and Academy. Approval is needed from a Senior Staff member in order for newcomers to participate.

Our Academy program expects top-notch sportsmanship, hard work, and respect from the students. During the academic year we offer several weekly classes, while in the summer we have a variety of camps and clinics. There are also HTA Team travel opportunities for groups to participate in a tournament accompanied by a senior staff member. Students in our HTA program are given an HTA card at the beginning of each semester and in the summer allowing them to use the ball machine or ball carts for free with a court rental.

During classes we will often use PlaySight®, our state-of-the-art Smart Courts, which provides video and statistical analysis of play. This system is also used to practice target hitting and serve speed. While we have had many HTA graduates go on to play tennis at the collegiate level, we encourage all of our high-performance students to participate in our program to prep for USTA meets and high school tournaments.

HTA is open to any and all students ages 8-18.

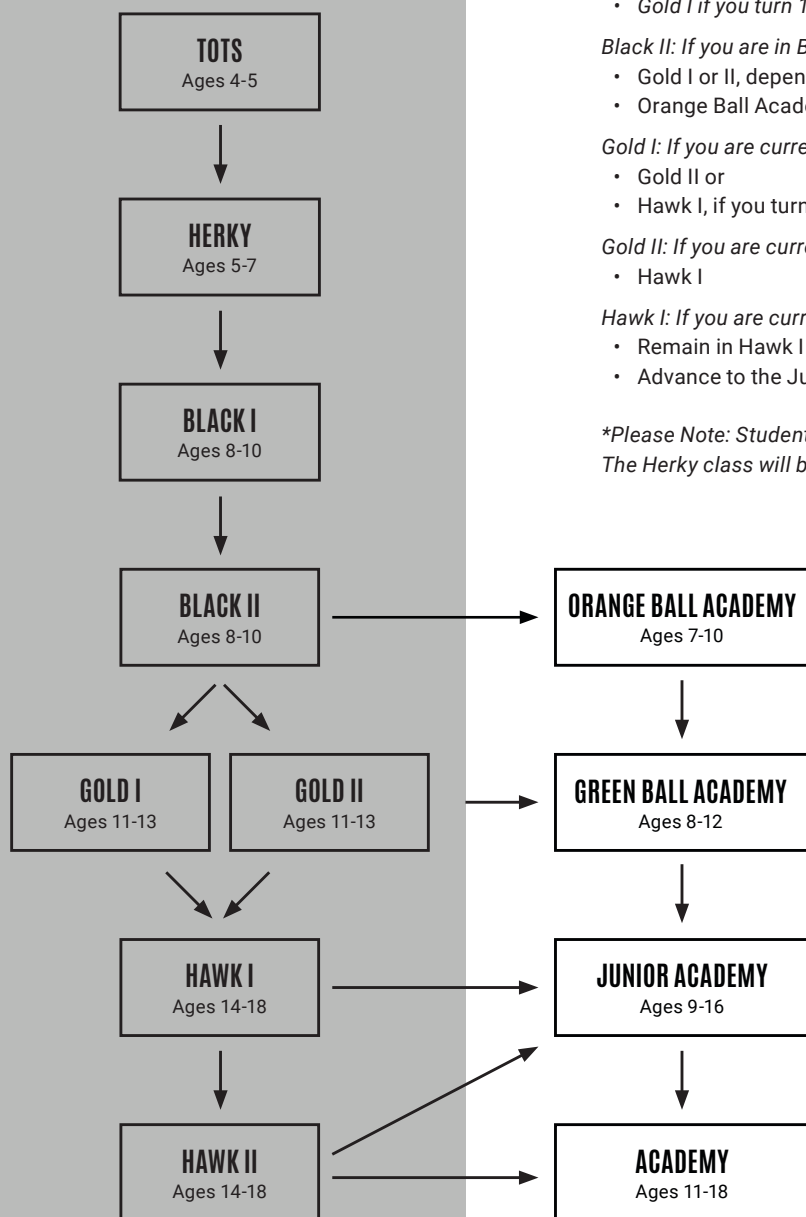

Please contact any senior staff member with questions.
